

PARTH PITHADIYA

Backend Developer

Ahmedabad, Gujarat, India | parth.pithadiya17@gmail.com | +91 73831 80921

PROFESSIONAL SUMMARY

Results-driven Backend Developer and MCA candidate (graduating 2026) with nearly 2 years of internship experience building RESTful APIs and scalable web applications using Python, FastAPI, and Django. Proficient in PostgreSQL, MongoDB, Docker, and Git, with a strong focus on clean architecture, API optimisation, and agile collaboration.

WORK EXPERIENCE

Backend Developer Intern — Astute Info Solution, Ahmedabad

Jul 2025 – Present

- Designed and built RESTful APIs with FastAPI following clean architecture principles for scalability and maintainability.
- Managed PostgreSQL database operations — schema design, complex queries, indexing, and performance optimisation.
- Engineered MongoDB aggregation pipelines for efficient NoSQL data processing and business-critical reporting.

Backend Developer Intern — Infolabz IT Services Pvt. Ltd., Ahmedabad

Jun 2023 – Apr 2024

- Developed backend modules with Python Django for scalable, production-ready web applications.
- Optimised SQL queries and managed schema migrations to improve performance and data reliability.
- Collaborated with senior developers on requirements analysis, feature delivery, and code reviews.

PROJECTS

ArtisanalTouch — E-Commerce Platform

Python · Django · SQLite · HTML · CSS · JavaScript · Bootstrap

- Full-stack responsive e-commerce site with product catalog, cart, order management, and user authentication using the Django MVT architecture.

Financial Analytics Dashboard

PostgreSQL · ClickHouse · Celery · Materialized Views

- High-performance analytics platform using PostgreSQL materialized views, ClickHouse aggregations and Celery async tasks.
